Powder Explosion Kills Many Men In Western Mine.

Over Thirty-Five Bodies Have Been Recovered Thus Far.

EXPLOSION FELT OVER A MILE AWAY

Disaster Occurred This Morning in a Utah Mine—Horses Mile and a Half Distant Killed by Force of the Shock—Relief Parties Missing.

Salt Lake City, Utah, July 16.—A terrific powder explosion occurred early this morning in the Daly West Mine, entombing about 100 miners, of whom 27 had been taken out dead at five a. m. There are many more bodies in the mine and it is feared that few escaped. The force of the explosion was felt in Ontario mine, one mile west and which is connected with the Daly West mine by a tunnel. The mines are located near Park City. The noxious gasses have penetrated the Ontario mine and it is feared that many of the 100 miners employed there have lost their lives. Three bodies have been taken from that mine.

The explosion occurred in the 1200 foot level of the Daly West mine, two

powder magazines containing about two cars of powder blowing up. The shock was tremendous, being felt ten miles away. Its force was so great that two horses a mile and a half away were killed. As soon as the news of the disaster reached Park City every physician and nurse in the place was rushed to the scene.

Members of one of the relief parties have not been heard from and it is feared they have perished.

Communication between the mines and Park City is interrupted the explosion having blown down the telephone wires. The last message from Park City says that over 35 bodies have been recovered and that some of the miners who were taken out in an unconscious condition cannot recover.

TWO UNUSUAL MARRIAGES

Girl Falls in Love With Father's Employe and Weds Outside Her Faith Second Time.

Warsaw, Ind., July 16.—Archie L. Crinn, of Cleveland, Ohio, was married to Mrs. Gusta Halderman, the pretty daughter of Marcus Philipson, a wealthy clothing dealer. A number of years ago Mrs. Halderman shocked her friends and relatives by eloping with Ray Halderman and marrying him. By doing this she renounced the Hebrew faith and virtually became an outcast from her family and society. When her husband died she returned to her family and has been working in her father's store. Six weeks ago Archie Crinn accepted a position in the Philipson store, and fell in love with Mrs. Halderman. Knowing the objections of her parents, Mrs. Halderman and Crinn were secretly married in St. Joseph, Mich., two weeks ago. Saturday they told Mr. Philipson, and he at once discharged Crinn. Later he relented and yesterday afternoon they were again married according to the Jewish rite.

This Little Heiress Eloped With the Milk Driver Who is Charged With Abduction.

Northwood, Iowa, July 16.—Miss Anna Holmes, aged fifteen years, of Austin, Minn., an heiress in her own name of \$30,000 has been going daily to fetch a bottle of milk from the dairy wagon driven by Fred Beeman, aged eighteen, and very poor. She was romantic, dreamed the milk boy was her fairy prince and agreed to elope. Saturday they came to Northwood, and upon the affidavit of Chas. Beeman, the young man's brother, that they were aged 22 and 18, and lived at Glenville, Minn., they were given a license. Sunday they were married by Rev. Frank Cole. Monday an uncle from Austin, Minn., came and told who and how young they were, and their matrimonial career was over. The sheriff of Mower county, Minnesota, has now arrested the boy for abduction. The girl was carried home by her uncle and steps were taken to arrest Chas. Beeman for perjury. The case promises to develop some legal fighting.

GARBER WINS

Wapakoneta, O., July 16.—Harvey Garber of Darke county was nominated for Congress by the Fourth district Democratic convention on the 1428th ballot, receiving 208 votes, to 53 for Goeke. Garber was introduced to the convention and made a brief speech, which was loudly applauded. Wapakoneta, July 16.—The Fourth district Democratic congressional convention on the 1437th ballot today gave Garber 125 votes, within four of nomination. Then Mercer county went out to consider.

Sale Postponed.

The lot sale for the location of the steel plant has been postponed till Monday, July 21, owing to the failure to complete the plans, finish other formalities absolutely necessary before the sale can proceed.

CARS COLLIDE

Chicago, July 16.—Two heavily laden electric cars collided while going at a high speed this morning, overturning one car and injuring many of its passengers, two seriously. Samuel Montgomery and Mamie Berz both suffered broken bones and internal injuries and may die.

Take Strikers' Places.

Huntington, W. Va., July 16.—Two special trains conveying almost 1,500 miners from the coal fields in Virginia and North Carolina arrived in the Norfolk & Western strike district today, and the men went to work on the Flat Top and Elk Horn coal fields, taking the places made vacant by the strikers. It is said that probably 1,000 more miners will be brought in the latter part of the week from Virginia.

TRACY

Entered Farm House and Demanded Food—People Kept Quiet Through Fear of Injury.

Enumacław, Wash., July 16.—Word reached here last night that Harry Tracy had dinner Sunday afternoon with Morris Gardner on the Galton farm near Boise Creek, three and one half miles from here. Gardner kept the secret for fear of injury. Tracy entered the house saying: "Gentlemen I'm Tracy and want something to eat quick." After eating he compelled the youngest son, Luther, to shave his two weeks' beard. Then helping himself to a pair of trousers Tracy disappeared.

CORONER'S VERDICT.

Coroner Evans has rendered a verdict on the death of Engineer Little and Brakeman Oren Ditter, finding that they came to their death from a railway accident at Kirkersville and that the accident was the result of carelessness on the part of Joseph McGlade, flagman on the Pan Handle extra freight.

VENICE

In Professor's Opinion Is Now Doomed.

SUBSOIL HAS DETERIORATED, SAYS WAGNER

PILES AND PILLARS ROTTEN

And Will Soon Give Way Under the Great Pressure—Prof Wagner's Sensational Statement.

Venice, July 16.—Practically the whole city of Venice is doomed to be destroyed in the opinion of Prof. Wagner, the city architect. The subsoil, he says, has deteriorated and piles and pillars have become rotten and will soon give way under the pressure upon them. For years the subsoil has been sinking in places, but the official commission recently investigated and reported that there was no danger of collapse. The fall of the loggia of Sansovino on Monday and the Campanile prompted Professor Wagner to make his sensational statement.

MANY DIE

Because the Doctors Haven't the Moral Courage to Tell Them That They Have Tuberculosis.

New York, July 16.—Thousands, tens of thousands of people die because their physicians have not the moral courage to say to them:

"This is tuberculosis and now is the time to take precautions."

Such was the statement made by Medical Officer Biggs of the health department in an address before the summer school in Philanthropic work, conducted by the charity organizations recently.

"In the cases of autopsies in New York hospitals which have come under my knowledge," he continued, "fully sixty per cent had at some time in their lives, tuberculosis. Of these a little more than half had died of that disease. The remainder had recovered and in many instances had not known of its existence in their system. A third of those who die in our hospitals die of consumption. In some of the older cities of Europe the proportion is much greater."

"The tubercular bacilli do not multiply outside the system. They tend to die. Infection is the original bacilli if at all. Large numbers are quickly destroyed. Direct sunlight destroys them quickly, daylight in time. The danger is damp dark rooms."

"Tuberculosis is an absolutely preventable disease. It is not only prevented, but curable. It is simply a question of how early a diagnosis is made. If it can be made at the beginning, eighty per cent at least of the cases are curable if placed in a pure atmosphere."

STRIKE

Of Freight Handlers Ends In Defeat.

OF WORKMEN WHO SCRAMBLE TO GET BACK

ALL FREIGHT HOUSES ARE BUSY,

But the Railways Have Taken Back Only 7000 of the 9000 Men Who Quit Work.

Chicago, July 16.—At a meeting of the members of the freight handlers union this morning, they voted to return to work and make the best terms possible with the railroad managers, provided that the Federation of Labor refuses to support the strikers. As the federation did not sanction the strike, it is not likely that it will offer its support at this stage. The strike therefore is virtually ended with defeat for the freight handlers. Later there was a stampede of strikers to get to work. Every freight house is now busy, but of the 9,000 men who struck, only 7,000 were taken back.

Chicago, July 16.—Discouraged by the refusal of the Federation of Labor to indorse their strike, several hundred of the freight handlers this morning returned to work. The delivery of freight in small lots was made successful at the depots of the Michigan Central, Illinois Central, Lake Shore and other railroads. A small per centage of the truck drivers who were ordered to return to work by their international officers drove teams to the freight houses, but refused to permit non-union men to unload them. It is believed the strike will be settled this afternoon.

Chicago, July 16.—With agreements reached between four railroads and their employes the great strike of the freight handlers and teamsters that has paralyzed the industries of Chicago for a week is apparently broken. A majority of the strikers are expected to return to work today. By Thursday according to the present outlook there will be few evidences of the strike. Some of the more radical unionists may refuse the terms accepted by representative committees but will have little influence with the majority of the strikers.

It is possible, however that the radicals may prevent the strike from being called off at a mass meeting of the freight handlers called for today.

Upon the action taken at this meeting will depend the attitude of the striking teamsters. Their national president, Al C. Young ordered them back to work but if the freight handlers refuse to declare the strike off officially some of the teamsters may refuse to work. It is conceded that their officers exercise little absolute authority.

The four railroads that entered into agreements with their men last night were the Lake Shore and Michigan Southern, the Chicago and Northwestern, the Nickel Plate and the Illinois Central. Of the four the Northwestern and the Illinois Central accepted the proposition made by the teamsters board of arbitration. The Nickel Plate and Lake Shore succeeded in getting their men to sign the scale presented by the railroads July 1.

Consequently neither the freight handlers nor the railroads claim a victory. As the employes of the Lake Shore were the first to sign, however, the railroads are expressing the greatest satisfaction over the break in the strike.

The freight handlers return to work without having obtained recognition of their union, time and a half for overtime or the abolishment of the probation period. On the other hand the freight handlers have obtained increases in pay, the smallest one being 25 cents a day procured by the truckers.

While the signing of the agreements breaks the strike it does not end it. It is still in progress as far as twenty of the twenty-four railroads in the city are concerned. President Curran and a few of his supporters are still unreconciled and state they will not recognize any of the agreements.

Sale of Forry lots is postponed till Monday, July 21.

SHOT HIS WIFE

Mistaking Her For a Burglar Mendenhall Sent Two Loads Into Her Heart.

Peebles, Ohio, July 16.—Jesse Mendenhall, living near here, shot and killed his wife last night. He saw her through the window and thinking she was a burglar fired both barrels of a shot gun into her breast.

Miners Arriving.

Indianapolis, Ind., July 16.—With the arrival of delegates for the miners' convention there is a strong sentiment against the ordering of a general strike. J. D. Wood, national board member from Kentucky, came in advance of the Kentucky delegation. Wood personally expressed himself as being opposed to a general strike.

Killed Officer.

New York, July 16.—Detective John J. Sheridan of Long Island City, was shot dead by one of two burglars at Jackson avenue and Henry street this morning. Sheridan had surprised the men when they were about to break into a house. Two men, Michael and Frank Donnelly, are under arrest for the crime.

CHUMS

Who Married Pretty Sisters The Same Day.

FILED DIVORCE SUITS AT THE SAME HOUR.

HEADS TURNED BY FLATTERY.

Both Allege Their Wives Wrote Letters to Other Men and Squandered Their Money.

Marion, Ind., July 16.—Double marriages in families are not altogether uncommon, but something of an unusual nature came to light in the case of a double wedding and separation yesterday when two divorce suits were filed in the Circuit court at the same time.

Berton M. Huff and Wm. P. Nelson were boys together. They were chums at school, and when they grew to manhood were comrades and roomed together. They were together one day when they met Misses Florence and Catherine Bleedingshirs, sisters, who are brunettes, and of striking figure and appearance. The two chums were infatuated with the two girls.

They wooed and won the young women of their choice. The announcement of their engagements was made on the same day, and on April 7, 1899, the two chums were married. On the same day and at the same hour, the affair being a double wedding, Nelson married Miss Catherine and Huff married Miss Florence. The two young men lived with their wives until July 7, 1902, when they left them, and yesterday both men filed suits for divorce in the Circuit court at the same time, and both complaints were written by the same attorney and contain the same charges. The two chums have now engaged bachelor quarters and are again rooming together as they did when boys.

Nelson is a manufacturer of boxes and was absent from home a great deal. He alleges in his complaint that his wife wrote letters to men, associated with them without his knowledge or consent, and squandered his money.

Huff is a glassworker and his business took him to Wallaceburg, Canada, and Sims, Ind. He alleges that his wife refused to accompany him during his enforced absence from Marion, and while he was away she wrote letters to men, associated with them and squandered his money. The defendants are of a good family, there being four daughters, who are all attractive and accomplished. Mrs. Huff and Mrs. Nelson were especially attractive, and the compliments of men during the absence of their husbands are said to have turned their heads.

CYCLONE

Sweeps Over Three Western Towns With Awful Fury.

Main Portion of Thompson, N. D., Wiped Out by the Tornado.

TRAIN BLOWN OFF RAILROAD TRACK

Emerado and Thompson in North Dakota and Borup, Minn., Badly Damaged—Relief Trains Start for Scene of Destruction ---One Railway Blocked By Debris.

St. Paul, Minn., July 16.—The towns of Emerado and Thompson in Grand Fork county, N. D., and Borup in Norman county, this state, were swept by a cyclone storm last night, and all suffered much damage. Some reports say the three towns were wiped out. The first intimation of the seriousness of the storm came when the Great Northern and Northern Pacific Telegraph lines in the storm district were suddenly stopped. A few moments later communication west of Fargo on the Great Northern and west of Ulen on the Northern Pacific was cut off.

At Thompson, the Great Northern station lies a confused mass of wreckage, directly across the main line. Stores and residences are in ruins and the main portion of the town is wiped out. The population is about 200. The reports indicate that the cyclone developed southwest of the lake of the woods country, and took a course down across the northern part of the state, traveling towards the southeast.

At Winnipeg Junction a stock train was blown completely from the track, but whether or not the crew escaped could not be learned. Linemen and relief trains have been started for the district. In Meckinock, Gilly, Inkster, Conway and other towns north and west great damage was done. Fargo reports thousands of acres of grain destroyed.

Late reports from the storm struck

en section of North Dakota today indicate that there was no loss of life.

NEW ENGLAND STORM.

Boston, July 16.—The electrical storm last evening extended throughout New England. Much damage resulted in the country districts. In Bath, Me., Leander Miller was struck by lightning and killed. At Alton, N. H., lightning struck the house of Charles Rand, killing Mrs. Rand, who was attempting to lower a window.

DAMAGE IN NEW YORK.

New York, July 16.—A terrific rain and electrical storm passed over this city and vicinity yesterday afternoon and late last night. Two Brooklyn trolley cars were struck, and many persons were badly shocked. Mrs. Kate Kirchhoff, one of the passengers, is in a precarious condition. Mrs. Wm. Hoffman was struck while standing in the doorway of her home at Newville, N. J., and instantly killed. A heavy hail storm prevailed for some time in Jersey City, lower Manhattan and Brooklyn. The property damage was heavy.

THREE ARE KILLED.

Albany, N. Y., July 16.—The terrific electrical storm which passed over this section last night caused three fatalities. Mrs. Mary Kemp and Mrs. Coons were killed and at Colonie, Bernard La Bery, 17, was killed by lightning.

and friend of Groch, did not seem to be at all perturbed over the situation. He announced that Groch's bail was \$200 instead of \$100 and that the bond would continue in force. He said he had a good check for the amount. The hearing was to have taken place at 2 o'clock yesterday afternoon.

In the meantime Chief of Police Weingates received a telegram from Governor Nash to hold the prisoner until the application for requisition was heard at Newark today.

When the Chief announced that he could not find Groch Judge Curran continued the hearing until Friday. Meantime Governor Nash is to take up the matter and by his order Groch should be in custody. Sheriff Skane did not come here yesterday, but sent word that he would go direct to Newark, to be in readiness should Judge Curran order Groch's release.

Smith Retired

Washington, July 16.—General Smith, better known as "Hell Roaring" Smith, who gave the famous "burn and kill" order in the Philippines has been retired for his conduct and reprimanded by President Roosevelt in a letter just made public. The President says he deeply regretted it but an example must be made of Smith who thus closes a long and honorable career under a cloud.

CREW IS NAMED.

Columbus, July 16.—The Republican State Central and Executive Committees met here in joint session today, and placed in nomination W. B. Crew, the long term nominee on the ballot for the short term on the Supreme bench to fill the vacancy caused by the death of Judge Williams.

GOVERNOR

RESERVES HIS DECISION IN THE GROCH CASE.

The Matter Was Presented to Governor or Geo. K. Nash at Camp McKinley This Afternoon.

Camp McKinley, July 16.—At three o'clock this afternoon Governor Nash finished hearing the Illinois requisition case, but reserved his decision for a few hours. Attorney Guerin and Sheriff Sloane are here in camp presenting the case to the governor, details of which are given in the following dispatch from Sandusky:

Sandusky, Ohio, July 16.—Bert Groch, who was arrested last Saturday and afterward released on a writ of habeas corpus from the Probate Court, being wanted in Danville, Ill., to answer to his alleged shortcomings as the manager of a bucket shop, yesterday afternoon failed to appear in Probate court for the hearing of the writ as required by the terms of the bond.

The development was a surprise to many, but by others it had been expected. Few people if any, know where Groch is, but one of his attorneys, Judge E. B. King, told Chief of Police Weingates that the young man had gone to Cleveland with his attorney, Representative W. E. Guerin, and intended to go to Newark to see Governor Nash, who is at Camp McKinley. City Attorney Hart declares that the proceeding is unheard of, and that Groch was bound to be produced in court as ordered when released by Judge Curran.

FEARLESS AND INDEPENDENT.

The Chicago Record-Herald is a conspicuous example of the success with which the public rewards fearless non-partisanship in the columns of a great metropolitan daily paper. It is an independent newspaper, in which men and measures are invariably viewed wholly from the standpoint of the public good and not from that of the interests of any particular political party. It is the very reverse of neutral—fearless and outspoken on all the great questions of the day, but presenting its editorial opinion upon independent judgment and on entirely regardless of political affiliations. Partisanship is barred as strictly from the news columns as from the editorial page. All political news is given without partisan coloring, thus enabling the reader to form correct conclusions for himself. In the ordinary partisan newspaper political news is frequently colored to such an extent as to make it difficult if not impossible for the reader to secure a sound basis for intelligent judgment.

THE PRESIDENT AND TRUSTS.

The New York Herald credits the defeat of Cuban reciprocity, urged on Congress by the President, to the trust power at Washington, exercised in the Senate. In the way of prophecy the same paper adds:

"When Congress convenes again in December the President will find in both branches prominent members determined to defeat any trust legislation which he may see fit to advance. With the session only a little over two months in length, the President will find it difficult, it is further said, to enlist enough members to overthrow the leaders, who will return to Washington with a renewed purpose to defeat his more prominent measures of legislation. It was a well known fact, and freely commented on at the time, that while the party leaders were defeating administration measures the President let them out of a very small hole in moving against railway merger and the beef trust. They at once seized upon these two actions as an excuse for refraining from legislation, and said among themselves that this might save the party at the coming congressional elections."

Let any one count up in a loose way the hundreds and thousands of millions involved in any effective anti-trust legislation, and then ask himself, if it is at all likely that President Roosevelt can control these millions for political purposes of his own, and the overthrow of their power in legislation and government.

IN VAIN

This Poor Demented Woman Searched For Her Imaginary Lover—She is Declared Insane.

Toledo, Ohio, July 16.—Miss Sarah Bixby, at one time a teacher in the Toledo public schools, has been committed to the Toledo state hospital for the insane. She is about 48 years old. An affair of the heart is supposed to be the cause of her mania.

She has been seeking her lover everywhere. In Battle Creek, Mich., she would leave a street car and dart up the street in pursuit of the imaginary object of her affections. She finally reached Marion, Ind., and was cared for there in a sanitarium.

In the past two years Miss Bixby has sold valuable property she owned here, and spent thousands of dollars traveling over the country in search of her imaginary lover. On her way to the court house she insisted on stopping to look at men who, she imagined, might be her affianced husband. She scrutinized one man with special care, and then pathetically remarked: "O; that is not he; he is too young. The man I am to marry is about 50 years old."

The committee is requested to meet at the Convention room of the Court House tonight at 7 o'clock to consider ways and means.

The lot sale is scheduled to begin Monday morning at 9 o'clock.

The great difficulty that the appraisers are meeting with, in fixing the value of the lots is the fact that they are so nearly of a value. The lots which are most distant from the city are particularly well located, in the matter of being upon high ground.

While all of the lots are above any danger of flood or high waters, yet there is of course an advantage in being upon high ground, which residence owners ordinarily seek for. To those who have never seen this property, we would recommend a visit to the grounds. All who are not acquainted with this land are surprised at its nearness to the city, and also with its desirability for dwelling house purposes.

Besides the committee who has been appointed by the Board of Trade for this work, all are heartily invited to attend, who desire to assist in carrying through this enterprise.

It was necessary to postpone the lot sale till Monday in order to complete the plats and the preliminary work.

Lazy and dull feelings are sure precursors of sickness, which Walther's Peptonized Port will banish.

The situation of the famine-stricken peasants in Russia continues to grow worse. In 241 villages of the Minzinsk district, Government of Cuffa, 6,815 cases of a hunger epidemic disease (scurvy) were officially recorded on April 14 as compared with 2,723 cases reported on March 14. This is only a sample of existing conditions in other famine-stricken districts.

OHIO'S GREAT SALT BED

An Opportunity for Investors, Perfectly Safe, That Will Afford Larger Dividends Than Any Other Similar Enterprise in the State.

Unknown to every one except those interested in the business, there exists in northern Ohio one of the largest beds of pure salt in the United States. Professor Chapin, D. S. C. F. R. S., after having been engaged in geological research in all parts of the known world, said, "It is the largest and best salt bed in the world." After the professor's return from his researches, he located in Boston and later came to Akron, Ohio, as a professor in Buchtel College. It was while he was a professor at Buchtel College he made daily trips to the great salt well now owned by the later-State Oil Co. His full and frequent investigation of the many salt wells in and around Akron, led him to say, that this was the best and the largest salt bed in the world.

There are now twenty-five wells within a territory eighteen miles in length and about ten miles in width in Summit county, penetrating this great salt bed, and which have been put down at a cost of over \$130,000.00. Only a few of the readers of our great daily papers know there are now four great plants producing salt and its other products from this great salt bed. Three of these immense plants are producing the best salt in the United States. One is located at Wadsworth, one at Rittman and one at Halo, all in the vicinity of Akron, Ohio. The fourth plant is a chemical company and manufactures soda-ash and caustic from the salt bed. This soda ash plant at Barborton is the largest of its kind in the United States. This great salt bed is less than four hours ride from this city.

This great salt bed if it were upon the top of the ground, would form a stupendous crystal mountain nearly three times as high as the top of the Court House in our city, and it would be as white as snow, transparent, and almost colorless in its purity, and would reflect the rays of the sun so that no eye could steadfastly behold it without injury.

There is every reason to believe that owing to its size, and purity, this great salt bed will soon become the center of the production of salt in Ohio, and this will become one of the greatest of the salt producing states.

A few enterprising citizens of this state have organized a powerful company for the production of salt on a larger scale than has ever been attempted heretofore.

This company has now among its stockholders some of the best known and most prominent men in the state and is destined to become a permanent and large dividend paying corporation. The sister industries of iron and steel, clays, and coal, have made millions for the large investors and doubled and re-doubled the money invested by the smaller stockholders, so that in an ordinary lifetime many of them have become wealthy.

All of the other valuable minerals gold, silver, copper, etc., have to pass through an expensive refining and smelting process before they become commercially useful and profitable. But the salt from our vast bed is 99 per cent pure and needs only to be

This company which has been formed for the purpose of operating this immense salt bed has already a large acreage of this salt territory which is practically inexhaustible. The reader may get a more exact comprehension of this fact if it be stated mathematically in plain figures.

The salt strata under the territory controlled by this company is 374 feet thick. Thus one acre would contain 2,257,378 barrels of salt. It would take three years to exhaust one acre with a plant producing 2,000 barrels of salt per day, and therefore to exhaust the 5,000 acres controlled by this company would take about 15,000 years.

The "salt of the earth," is one of its preservatives and no other product, not even bread, which is "the staff of life" is so universally used by both men and animals as salt.

This is indeed a rare opportunity for people who are seeking a better investment for their money, for it is infinitely safer and more profitable than most other manufacturing interests, building and loan, banks or real estate. Here is a great natural industry producing at small cost, from salt that is 98.9 per cent commercially pure, a quality of salt that is unsurpassed by any other salt plant in the world.

Other plants in this same field have paid dividends as high as thirty per cent to their stock-holders, and there is no known reason why this company cannot pay as large or even larger dividends when it is once in operation. A dividend of 30 per cent will equal the capital invested in a period of about three years and four months, while in any business where only 5 per cent dividends are paid—and this is usually considered a very fair profit—it will take over sixteen years before the profits will equal the original investment.

This company expects to protect every dollar of its capital, whether invested with it in small or large sums, and establish absolute and unquestionable confidence on the part of its stock-holders in its business integrity and the care which it will give to all of their interests.

This company will make its first care the interests of all of its stock-holders, paying at all times the largest dividends that the business is capable of earning.

A business of modern proportions—a business that is a safe investment and which can and will pay good dividends, a business located right here at home in Ohio, will offer a chance to the citizens of this community to share in its capital, and reap a portion of the harvest of dividends which will flow from the products of this company.

Some of Newark's citizens have already purchased stock in this company and at their request the citizens of Newark will be given an opportunity to purchase a limited amount of the capital stock.

TO ROWND' ISLAND

Governor Nash Will Go On Thursday With The Rownd Island Club.

Inspection of the First Brigade is Now In Progress.

Governor Pays Visit to Every Company Street, to Cook's Quarters and Elsewhere—Officers of Day—Notes of the Day From the Big Camp.

Camp Wm. McKinley west of Newark, July 16.—Tomorrow afternoon at 1 o'clock Governor Nash and several of the officers of the First Brigade will go to Rownd Island and will return about 4 or 5 o'clock. The Governor on this noon accepted an invitation from Dr. A. T. Speer, president of the Rownd Island club to join the party tomorrow.

The officers of the day and the guard are as follows:

First regiment—Capt. McCarter of Middletown, Lieutenants Antram of Co. H and Hale of Co. F.

The First, commanded by Colonel Bundy of Cincinnati, and the Ninth Battalion will be looked after. The inspections will be followed by muster which will be in charge of Col. Ames.

This morning the first thing that the reporter saw upon opening his tent after the morning gun had been fired was the Governor, sitting in the chair of "Baldy" the barber.

The chief executive of the state believes in being the first on the ground especially at the post barber shop.

Tuesday evening an immense number of people witnessed the parades

"None at all, we are perfectly agreed on all points. In fact almost everybody who has given the subject any thought in Ohio, want a code bill. The main point in any such bill should be the betterment of municipal government. Now as to the best means of obtaining this benign result there are differences of opinion held honestly by men of both parties. In fact party lines have little to do with the differences that exist. The two plans advocated are the federal plan so called, and the board plan, and the arguments made against the latter system is that it takes away "home rule." This argument is made by the advocates of the federal plan. Why, these people don't stop to think. If our board plan is adopted, the city will have the entire control of their government except the appointment of two boards, the police, and probably the fire board. Under the federal plan the only office which will be elective will be the mayor. There would virtually be no home rule under the federal plan.

JOHN C. UNGER, Capt. Sixth Inf. O. N. G., Commissary.

Col. W. T. Amos of Sidney, Ohio, Lieut.-Col. Third Reg., O. N. G.

"Now the reason the Governor sticks for the appointment of police boards by the Governor is that he thinks this department should be taken out of politics.

"It is a notorious fact that in cities, no matter what party is in power, the police department is inefficient or corrupt. Now this is a general proposition. It is almost impossible to secure a conviction for illegal selling of liquor, because no arrests are made, not that judges and police magistrates are derelict.

"Once in a while an arrest is made for this violation of the statutes and others even more serious to public morals, just to 'kick up a lot of dust to blind the people to what is going on. Now these conditions do exist in the larger cities of Ohio, and our plan is to take the police department out of politics and place it on a plane of efficiency."

(It may be true enough, as General Dick says, that the "board plan" is preferable to the "federal plan," but both are objectionable in the opinion of those who are opposed to any limit to the principle of home rule.)

NINTH BATTALION.

A visit to the Ninth Battalion, colored troops, found the officers and men all highly enjoying the camp. The quarters of the men are a model of neatness and very favorable comments can be heard on all sides of the soldiery bearing of the enlisted men. Major Fulton has good command of the battalion and has an excellent lot of officers under him who have been a great help in the building up of the organization and in making it what it is. Captain Brooks, an employee of the Adjutant General's office at Columbus, who commands Company L, was officer of the day yesterday. The officer of guard was Lieut. Frye, Company A of Springfield. There is a large number of veterans of the Spanish war in the Ninth and they are a great help in the building up of the Battalion and helping the new men in their duties.

A game of base ball is being arranged between a team from the battalion and a club from the Third regiment.

The Chaplain of the battalion is Captain Hilary Costin, an educated man and a good talker. He is a graduate of Wilberforce university and the theological department of Yale. He will deliver a sermon on the text "For He loveth our nation and hath built for us a synagogue." There are several fine quartettes in the battalion and one of them will furnish the music.

The Captain was the chaplain in the Ninth Immunes during the late war and served for nine months in Cuba.

Captain Brooks of Company B says that the department of his company exceeds his own expectations and that were it graded it would be one hundred per cent.

"BALDY" COOPER.

W. H. Cooper, better known as "Baldy," has been with the Sixth regiment and General McMaken for

the past 16 years. "Baldy" is now the regimental barber in the Sixth, but this year he has the barbershop for the entire Brigade. He is about the best known man on the grounds and has lots of friends. He was in the Spanish War and went with the Sixth regiment during their campaign. Besides being the barber he is the personal servant of General McMaken.

ENTERTAINMENT TOMORROW.

Company K of the Sixth will Thursday evening at 7 o'clock in the Brigade Y. M. C. A. tent give a grand

no sickness of any consequence in either the regimental or brigade hospital.

Private Gyger of Company C of Lima was called home this morning by a telegram announcing the death of his mother-in-law.

Lieut. Colonel John Hoegner of the Second, has been detailed as field officer of the day tomorrow.

W. S. Wilson of Mansfield, a former Second Lieutenant in the Second, and First Lieutenant in company K of the Second during the war with Spain, is the guest of the boys in the regiment.

JOHN C. UNGER, Capt. Sixth Inf. O. N. G., Commissary.

entertainment to which all are invited. There are several extra fine singers and dancers in the company and the show will be up to date in every particular and can not offend any one. On the program appear Mr. Cal Snyder, one of the most popular men in the command who sings coon songs, to use one of the boy's expressions "out of sight." He is also an exquisite piano player. Fred Marvin also a member of the company sings well and should not be missed. Leroy Williams will entertain with his inimitable buck and wing dancing. There will be a number of other numbers and the boys should have a large audience.

THE YOUNGEST MAJOR.

Major Myron B. Cox, who is in command of the Third battalion of the Sixth regiment is the youngest Major in the National Guard. He is a fine fellow and has a large circle of friends, who are always welcome at his quarters. During the war with Spain the Major was in command of Company K of the Sixth from Fremont.

SIXTH REGIMENT NOTES.

The officer of the day for Wednesday is Captain R. R. Groves of Company A and the officers of the guard are Lieutenant T. R. Yingling of B and Roy Welsh of G.

THE THIRD REGIMENT.

The program for the band concert in the Third regiment this evening will be the following.

March, Battle Royal
Overture, William Tell.
Waltz, Viola.
Selection, Florodora
Cake Walk Ma Ragtime Queen.

The concert held last evening was well attended and each piece received liberal applause.

The officer of the day is Captain Bigler of Company C and the officers of the guard are Lieutenants Behen, Company E, and Schenck of H.

First Lieutenant Roy Parks of Ada, has been detailed as range officer.

Lieutenant Wallace of Company B, of the Third, of Urbana, is the city editor of the Urbana Times-Citizen, and is well known to the newspaper fraternity of the State.

Captain Al. Feight, commissary of the Third was in Dayton last evening

COL. GEO. B. DONOVAN, Gov. Nash's Staff.

the regiment's friends from Newark. The boys of the band are practicing hard every day and are always glad to receive callers. They are a sociable lot of fellows and all are extra fine musicians.

The officer of the day in the Sixth today is Captain Cunningham of Company D. The senior officer of the guard is Lieutenant Walsh.

On Sunday evening Company C will give a genuine Indian war dance, the music for which was furnished by the regimental band. The troupe of Indians in the company are a feature of the company's entertainment and the dance is one of the leading features of each camp. All who want to hear some good music and see some fun are welcome.

GENERAL REVIEW.

The general review of the Brigade will be held on Saturday morning by the Governor and General Dick. This evening General McMaken, will be able to review the First Regiment when it parades.

GOVERNOR'S INSPECTION.

This morning the Governor and General Dick accompanied by several members of the Governor's personal staff including Col. Gillett and Lieutenant Reeder of the Artillery branch of the regular army, inspected every

Another meeting will be held Monday evening and it is possible that the Rifles will add a white uniform to their already extensive equipment.—Columbus Dispatch.

EARLY RISER

Governor Nash Was About the First Man in Camp Up This Morning. Inspection.

Camp Wm. McKinley, July 16.—Today was a very busy day in camp. The inspection of the Second, Third and Sixth regiments by Assistant Adjutant General Colonel H. M. Taylor, assisted by Assistant Inspector General Owen J. Hopkins of the Adjutant General's office, occupied nearly the entire day until the time for the evening parade and the officers and men alike were all glad when the tiresome work was finished. The regiments were in good form and made an excellent appearance during the inspection. Thursday the remaining regiment,

and all seemed much pleased with the maneuvers.

The band concerts were listened to with a great deal of delight by many citizens and each regimental band had its share of the patronage.

CALLED ON GOVERNOR.

Chairman W. H. Cra's of the house finance committee, arrived here Monday evening to consult with the governor in regard to the special session but found that he had left for Newark at once to see him there. He is supposed to have the countersign and will be able to run the guard line which is supposed to bar civilians from the camp.—Columbus Dispatch.

GEN. DICK

Talks to the Advocate Man About the Proposed Code Bill—Governor, However is Mum.

Camp McKinley, July 16.—Governor Nash who is in camp, shows every disposition to avoid any interview or even casual conversation about the code bill of which he is the accredited author. In fact it is generally spoken of among those of the Governor's official family who are here, that this is one point on which he is "sore." General Dick however, is not inclined to be so reticent, and when the subject was mentioned to him he warmed up and talked with the Advocate until he was reminded that supper was past due.

"The Governor and I are not disposed to talk code bill while here, but sometimes it seems that we must talk it to each other, or rather at each other," said he to the Advocate. "Then there are some points on which you and the Governor do not agree?" suggested the reporter.

Boys Have Much Fun Over Trouble, But at First it Wasn't Funny.

(Gallipolis Tribune.)

Frank Muenz, Fred Pfeiffer, Whit Brubaker and Dan Coffman, of this city, molders, working in foundries at Newark, O., for a year or more got a notion to lay off for awhile and go into camp down here on Raccoon and fish and have a good time. They got a huge house wagon fixed up which is certainly a curiosity and attaching two horses drove through, arriving this morning, and have been having more fun than they could tell in a week. They were dressed up in red and blue shirts, slouch hats and wore moccasins and the impression prevailed along the road that they were Gypsies or Indians or some sort of wild people. Just before they arrived at McArthur a woman by the name of Mrs. Knobb had lost her boy, a little chap six or eight years old, and she got it into her head that they had kidnaped him. She ran screaming ahead of the wagon don't knowing exactly what was up. When they arrived at McArthur they found the Sheriff, his deputies, the police, a hundred and fifty citizens and a regiment of militiamen awaiting them. The officers told them their wagon would have to be searched and they broke into even old tomato cans for the boy, and of course found him not. Cliff Delay put in an appearance and he knew the boys, and they were let go after being detained for an hour or two. The boy was found however, before they left, having strayed off to a neighbors. The boys had much fun over the episode after the trouble, but for awhile, it wasn't so funny. We hope they may find rest and comfort on Raccoon, if they can get their wagon out of town. It is so big it will hardly pass down the steets.

Nervous Headache, Pain Terrific, Mind Confused, the Nerves at Fault, Nerve Pills Never Fail.

Mrs. S. Bollwine of the Travelers' Hotel, corner Second and Canal sts., Newark, Ohio, says:

"Dr. A. W. Chase's Nerve Pills are what they claim to be, a good nerve tonic. I was induced to use them as a cure for nervousness, restlessness, nervous sick headache and depression. The box I got at Bricker's City Drug Store worked well in each instance and cured the trouble. I feel well and right again and can recommend them highly as thoroughly reliable."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package. 3455.

Eczema

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to--they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's Pills are the best cathartic. Price 25 cents.

MOTHER KNEW

She Was About to Die and Sent Her Child to Foster Parents in Indiana.

Fostoria, O., July 16.--About two months ago a woman aged 20, and unusually beautiful, notwithstanding the ravages of consumption, which was so far advanced that she could only speak in a whisper, called at a local hospital and asked for accommodations, which were furnished. Two weeks later a baby boy was born, which disappeared in about two weeks. Nothing was thought of the matter until the death Sunday evening of the mother, who had given the name of Mrs. Rachel Snyder, with no residence specified.

When reports of the death became circulated the air was full of rumors of the birth and spiriting away of the child.

D. H. Rubush, of Ansonia, arrived and took charge of the body and saw it buried. He says that the girl belonged in his town, but had not been there for a considerable time, and that the money was subscribed by friends of her parents, long since dead. There are no relatives unless a sister, reported dead, is living. It also developed that the mother, realizing that she had but a short time to live, had asked that the child be placed where it would be well cared for, and it has been adopted by a well-to-do farmer.

SURPRISE

Given Emanuel Varner and Wife by Children, Friends and Neighbors at Black Hand Sunday.

Toboso, Ohio, July 16.—The children, friends and neighbors of the venerable Emanuel Varner and wife gave them a pleasant surprise Sunday. There were eighty-four persons present. There were five children, twenty-one grandchildren and seven great grandchildren present; also a brother, Mr. Daniel Varner, and a sister, Mrs. G. H. Lescalette.

A sumptuous dinner was served consisting of all the good things of the land and all present seemed to enter heartily into the pleasures of the occasion. Mr. and Mrs. Varner were recipients of several valuable presents which they appreciate very highly.

Mr. Varner is in his 80th year, his wife being 75 years of age. For more than 45 years they have traveled life's road together, through sunshine and shadow—the path often strewn with thorns as well as roses. But they have always looked upon the bright side of life, and with hopeful hearts and willing hands they have built characters more lasting than granite.

Now in their declining years, although kept at home by the infirmities of age, they are able to look back over their lives of usefulness with few regrets, but with much to comfort and console. They are happy also in the fact of having raised up a large family of children who are honors to this and other communities in which they live.

Among the pleasing and somewhat remarkable features regarding the descendants of Mr. and Mrs. Varner is that they are all, except Milton, a line-man, living within easy reach of the old homestead. Surrounded as they are by their children, grandchildren and great grandchildren whose tender solicitude for their progenitors brings them often back to the family home. This venerable couple are happily and easily passing their declining years.

All present unite in wishing them many more such happy reunions.

AFFIDAVIT

For Arrest of Walter Woods Was Filed by His Father—Young Man is Indifferent.

Walter Woods was arrested for trainriding and later his father filed an affidavit charging him with stealing a shot gun and razor. He was fined \$3 and costs for train riding, and while arranged on the larceny charge he told Mayor Ferry that he had stolen the gun and sold it, and didn't care what was done with him whether he got 15 years or 15 minutes. The Mayor took the case under advisement. The maximum penalty is \$200 fine and 30 days imprisonment.

Hugh Prior was arrested by Officer Zergiebel on an affidavit filed by Officer Glasner charging him with keeping his saloon open after hours and abusing an officer. He pleaded not guilty and his trial was set for Tuesday afternoon before Mayor Ferry in the Council chamber.

Dr. Koch guaranteed to stamp out malaria in Dar-es-Salaam (German East Africa) in five years by means of a special system, which rests on the assumption that the germs are carried by mosquitoes. HON. WM. BELL, JR. DEAD

One of Widest Known and Most Popular Newark Men is Gone.

The End Came After a Short Illness at His Home on North Fourth Street—An Exceptional Career—Sketch of His Life—The Funeral.

Hon. William Bell, Jr., Newark, one of the city's most prominent citizens, as well as one of the best known men in Ohio, died at 11:40 o'clock Wednesday morning at his home, 63 North Fourth street, after a brief illness of dysentery.

During the summer Mr. Bell has been failing in health, but not until Sunday evening, July 6 did he take to his bed.

Since that time he has sunk rapidly until the robust constitution, weakened by repeated assaults of the disease, collapsed. He was conscious until a half hour before his death.

In the death of Hon. William Bell, Jr., Newark has lost her most prominent citizen, Licking county an able, influential and conscientious representative in the Ohio Legislature, and his family an honored husband and devoted parent.

His public services extending over a period of 50 years, during which time he held office continuously, are matters of general comment. Even those who did not know the man, knew of his work. His nobility of nature, as evidenced in the family circle needs no comment in public print. It was to him a matter of innate refinement and sense of duty. But the thousands of kindnesses extended to the poor, to those in any distress or extremity, who had no claim whatever upon him, will ever live in the memories of hundreds as evidences of his boundless generosity and practical charity.

During his career as a public servant not a breath of scandal ever blighted the fair name of Hon. Wm. Bell, Jr.

This was true of his private life as well as his public career and this fact alone speaks in more forcible tones concerning his character than could any recital in words.

Mr. Bell was a professing Christian, although not prominently identified with any church denomination. His religion was his life. His aim was to follow in practical lessons the teachings of Jesus Christ, when he said in substance, "If ye do a good, noble deed of kindness or charity to one of the least of these, my children, ye do it unto me, and I will reward this act with eternal blessedness."

His life was an ever living exemplification of the Messianic system of philosophy, stripped of any creed strictures, and it may be truly said that William Bell has gone to his reward.

His probity was a matter public and frequently spoken of. It has been figured that he has drawn \$100,000 in salaries, with unlimited opportunity for ill-gotten wealth, and yet as the world figures, he died a poor man. His liberality was proverbial and he could not withstand the plea of any one seemingly in distress. His theory was once expressed when some one suggested after he had done some act of kindness that he had been imposed upon, that he would rather be imposed upon by nine unworthy than that he should refuse one that was.

Another phase of William Bell's character was his refined and honorable character and his winning geniality. These were assigned by many as the causes of his political success, and were undoubted factors. But his geniality was innate, his good humor was never assumed. They were evidenced always, in his hearty handshake. They could not have been assumed, than the sun could assume radiance. They were a

part of his nature. Mr. Bell was a born gentleman. Even in the acrimonious political campaign no word of harshness or intention to rattle the feelings of an opponent, was ever heard from him. He had no personal enemies, so that none could be malign or villify.

The Advocate of October 17, 1895, said of Mr. Bell, and the same is true today: "The name of William Bell, Jr., is a household word in Licking county, and an honored name throughout all Ohio."

No funeral arrangements have yet been made, further than that the interment will be made in Columbus.

MR. BELL'S LIFE HISTORY.
In his boyhood Mr. Bell attended the common schools, and at the age of twenty entered Martinsburg Academy, where his education was completed. In 1852, when but twenty-three years of age, he was elected to his first public position, that of Sheriff of Licking county. At the expiration of his term he was appointed postmaster at Newark by President Franklin Pierce, and again by President James Buchanan. In 1858 he was again elected Sheriff, and was honored by re-election two years later. Afterward for three successive terms, from 1864 until 1870 he served as Auditor of the county.

With such ability and Mr. Bell served the people of the county that he had been brought conspicuously before the people of his district, who, recognizing his admirable fitness for public service, elected him to represent them in the Lower House of the State Legislature, and in 1873 he was re-elected to that responsible position. As a member of the House, he won an enviable reputation as an efficient and able legislator, and attracted the attention of the Democrats of the State. In 1874, when his party wished to select as its nominee for state offices men of distinguished ability and great popularity, his name was brought forward as a candidate for Secretary of State. The Democratic convention at Columbus nominated him for this important and honored office, to which he was elected by seventeen thousand majority. It is a matter of history that he was the first Democrat for twenty years who was elected to a state office in Ohio by a hand-one majority over all opposition. In 1876 he was nominated by acclamation for the same office. This was the year of the hotly contested Presidential election when party lines were closely drawn, and he was, in consequence, defeated by a small vote.

In 1877 Governor R. M. Bishop appointed Mr. Bell Commissioner of Railroads and Telegraphs, saying, with reference to the matter, that he had partially promised the position to another man, but had to give thousands of voters from all parts of the state requesting the appointment of Hon. William Bell, Jr. Recognizing the fact that he was probably the most popular man in Ohio, he felt it his duty to appoint him to the position. In that office Mr. Bell served until the election of Governor Post when his term expired.

Having returned to Columbus in 1871, at the Democratic convention of Franklin county, September 2, 1881, Mr. Bell was nominated to represent the county in the Lower House, and was subsequently elected. During the term of his service he served on numerous important committees, including those on Inebriate Asylum, Penitentiary and Rules. After his removal to Newark he was elected Mayor, in which position he instituted a number of needed municipal reforms and promoted the best interests of the city. Although admitted to the bar in 1872 by the Supreme Court, his public duties were so great as to preclude active attention to his practice. In 1892 he was elected County Auditor, and in 1893 entered upon the duties of a three years' term. He was re-elected Auditor and has for two terms since then represented Licking county in the House of Representatives at Columbus.

Every Woman Should Write Dr. S. B. Hartman, President of The Hartman Sanitarium.

Mrs. C. L. Byron, of 516 Lincoln avenue, Chicago, Ill., is President of the Chicago Gorman Woman's Club. She has the following to say of Peruna, the great catarrh remedy, which relieved her of a serious case of catarrh of the bladder:

Peruna Medicine Co., Columbus, O.:
Gentlemen—“I was cured of a very severe case of bladder trouble which the doctors did not know how to reach. I had severe headache and dragging pains with it, but before the second bottle was used I felt much relieved, and after having used the fifth bottle life looked different to me. This was nearly a year ago, and I have had no recurrence of the trouble. I cannot praise Peruna too highly.”—MRS. C. L. BYRON.

Free Home Advice.
In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

Those wishing to become patients should address The Peruna Medicine Co., Columbus, Ohio.

On New Year's Day of 1856, Mr. Bell married Miss Elizabeth A., the daughter of James M. Ocheltree, formerly a resident of Newark, but now deceased. Three children blessed this union: Samuel C., the present Deputy Auditor; Virginia, who married Frank Merion of Columbus, and Maggie O., the deceased wife of A. W. Knox of Columbus.

ARCHIE KNOX

Son-in-Law of Hon. Wm. Bell, Jr., Also Died Wednesday After a Year's Illness.

Mr. Archie Knox, who for some time has been living at the Normandie in Columbus, died there at 2:25 o'clock Wednesday morning, after a year's illness with diabetes.

Mr. Knox was a son-in-law of Hon. William Bell, Jr., who died in Newark at noon Wednesday. Mrs. Knox has been dead about a year. The deceased was 40 years of age, and leaves one daughter, Miss Virginia.

The funeral will take place Friday morning from the Normandie, interment being made in Green Lawn cemetery.

MR. EVERETT

Buys Assets of Waukesha Water Company Including One Hundred Mile Pipe Line.

The Federal Court in Milwaukee Monday afternoon, July 12, confirmed the sale to Edward H. Everett, Newark, O., cash consideration being \$17,450. This refers to sale June 25, held at Waukesha, Wis., in which Edward H. Everett was the successful bidder of the assets of the Waukesha Water company, bankrupt, including all the real estate of the Waukesha Water company, besides their valuable natural mineral water springs, Hygeia No. 1, Hygeia No. 2, Glen Rocks, etc. Also their 6 1/2 inch pipe line, 10 miles in length, together with all the franchises and rights pertaining thereto.

The Waukesha Water company is successor to the company which constructed the pipe line conducting water to the city of Chicago, and also supplied drinking water through this pipe line to the Chicago World's Fair.

At a recent exposition in Berlin trains of ten or twelve cars were drawn on a circular railroad by alcohol locomotives.

company street and mess quarters in the Brigade. The Governor talked with cooks, asking them all about the food they were receiving, and the condition in general of their mess. When seen on his return he expressed himself as pleased with the condition of things in the camp and said that he had enjoyed the ride very much.

While out the Governor reviewed the guard mount of the first regiment.

BAND CONCERT TONIGHT.

The program for the band concert which will be given by the well-known Sixth regiment band this evening, to which all are cordially invited, is as follows:

March—"American Freedom," Taubert.

Selection—"Aunt Hannah," Sloane.

"The Stage Coach," Anvery.

"Cotton-field Capers," O'Hare.

Waltz Suite—"Soldaten Lieder," Gungl.

"La Carina," Young.

Cake Walk, "Irresistible Johnson," Becker.

F. A. TUBBS, Chief Musician.

CAMP NOTES.

Private Wilson of Company A, was overcome by heat during drill yesterday but no serious results are anticipated.

Thus far the best of order has prevailed in the first regiment, not a single case of disorderly conduct having been reported.

Only one member of the First was reported as missing Tuesday night out of six hundred.

The inspection of the first regiment by Colonel H. M. Taylor, Assistant Adjutant General of the state, and Col. Owen J. Hopkins of that office, will take place on Thursday morning at 10-15 and the muster of the regiment will occur on Friday morning at the same hour.

Lieut. Beebe who was detained at Cincinnati by the illness of his wife, arrived in camp yesterday afternoon.

General Frank Weyer who has charge of the horses of the First, is the happiest man in camp. The General is a half brother of the famous General Weyer who figured so conspicuously in the Cuban campaign.

Hon. Frank Richter of Hamilton is a welcome guest of the First.

Captain Reynolds the regimental commissary, and Captain Stevens, the regimental quartermaster of the First are profiting by their first experience in camp, and when they leave for home will be veterans.

Lieut. Russel Reeder of the Artillery corps of the regular army, who was formerly Adjutant of the First, has been specially detailed by the department to make a detailed report of the regiment while in camp.

The Hon. Mr. Crafts, chairman of the finance committee of the House of Representatives, accompanied the Adjutant General to the camp.

Captain R. Ross Shaw was a guest at lunch with the first regiment.

C. B. Hopkins a private in Company L of the Sixth, has been detailed as permanent orderly at the division headquarters.

The Y. M. C. A. tent located in the western part of the grounds is proving very popular with the boys. There can be found at all times a large number of them sitting around the tables reading or writing letters to their homes. The Directors of the Association have cause to feel gratified with the good work they are doing for the members of the Brigade.

BIG SALE OF PIANOS AND ORGANS

BIG CUT IN PIANO PRICES

The Scott & James Business to be Closed Up in Ten Days—Every Piano and Organ to be Sold Regardless of Cost.

Stock in The Hands Of Factory Agent.

The Sale Begins Wednesday, July 16 and Lasts Ten Days Only—A Rare Chance to Buy a High Grade Piano or Organ at Factory Cost.

The Steger, Krell, Cable, Royal, Arion, Lagonda, and Other Pianos.

NOTHING RESERVED.

Having shipped direct from the manufacturers to Scott & James of this city a large assortment of all styles of upright pianos, I find owing to these gentlemen having accepted salaried situations elsewhere, that it will be necessary now, to either reship or close out this big stock of pianos and organs.

To reship this stock would be expensive and after going over the situation carefully, I have decided to offer the entire stock to the citizens of Newark at a price that will insure the sale of every instrument in short order.

The makes of pianos above enumerated will need no introduction. The guarantee on them is solid and perfect satisfaction will be warranted in every instance. To assure you that I mean business, I shall offer and sell high grade first class pianos, usually sold at from \$400 to \$500 at \$287, \$293, and \$298.

First class medium pianos regularly sold at \$300 to \$400, at \$187 to \$226.

A number one upright piano, regularly sold from \$200 to \$300 at \$137.50 to \$183.

Every instrument marked in plain figures, one price to all. Absolutely nothing reserved.

Terms as follows:—From \$10 to \$25 cash, and \$6 to \$10 per month on balance; \$4 and up on organs. Six per cent interest on deferred payments.

Sale begins today, July 16 and will end Saturday, July 26.

\$25 cash and \$10 per month will buy any piano. \$15 cash and \$6 to \$8 per month will buy most of them, six per cent interest on deferred payments. No discount for cash as the prices are below factory cost in some instances.

There are no finer pianos on earth than the Wrell, Steger, Royal and the Hobart M. Cable, and numbers of others, every one which is on this floor and for sale.

New Organs, usually sold at \$100 to \$150 will go at \$56.50, \$63 etc.

Sale is for ten days only, come early and get first choice. Store open evenings, with good light.

DEATH

OF MRS. CHARLES FOLLETT ON WEDNESDAY.

Due to Results of a Fall Last Winter. At Her Home, Corner Locust and Elm Streets.

The many friends of Mrs. Mary D. Follett, wife of Judge Charles Follett will be pained to learn of her death, which occurred at the family home, corner of Locust and Elm streets, at 1:30 o'clock this afternoon.

Mrs. Follett sustained a severe fall last February, which injured her spine so badly that she has been confined to the house nearly all the time since the accident, and owing to her advanced age, she being 81 years old, was the immediate cause of her death. On last Sunday typhoid malaria developed since which time she rapidly failed, until this afternoon, when death relieved her of her sufferings. She was a daughter of the late Rev. David Lewis, of Johnstown, this county, at one time a prominent minister of the Methodist church. In April of 1842, she was married to Judge Charles Follett, with whom she had lived happily ever since, a period of over 60 years. Mr. and Mrs. Follett were the parents of six children, five of whom are living, being Mrs. Helen Brown, of Indianapolis, Ind.; Mrs. Henrietta C. C. Ziehl, of Chicago; Mrs. Mary Ida Hodgkins, of Syracuse, N. Y., and Mrs. Hattie C. Symers and Charles H. Follett of this city.

The deceased was a member of the Second Presbyterian church, with which denomination she had been connected for many years, and was a woman who was greatly esteemed and loved by all who knew her. The sorrowing family and relatives have the sympathy of all their friends in their great affliction.

At this writing no arrangements have been made for the funeral.

WONDERFUL

EFFECTS OF DR. COOPER'S NEW DISCOVERY MEDICINE

Where All Germ Diseases Go Down Before Its Curative Powers and People are Made Well.

Although Dr. Cooper has been in Newark but a few days, many cases of the wonderful cures effected by his New Discovery Medicine, have already come to light. It is a fact that where tried all germ diseases go down before its curative powers and sick people are made well with from two to twelve doses.

So great has the confidence in the Doctor and his medicine become in Newark that the demand for the medicine has been unprecedented, and last night another immense crowd assembled on Church street in the vicinity of the Brunswick bowling alleys to witness the fine performance given by the band of colored artists and to listen to the lecture delivered by the Doctor. Dr. Cooper is winning new friends daily, and the citizens of Newark will be loath to part with him. He is an honest, courteous and entertaining gentleman and his discourses are listened to with rapt attention. He has a method of entertaining which is novel and interesting, and frequently the crowds hold him until a late hour. Dr. Cooper is very conscientious with his many callers and after a thorough consultation he will tell his caller candidly whether or not his medicine will cure him. The Doctor's office is at 54 West Church street, where he will be glad to meet as many Newark citizens as may call on him. He will tell you about your troubles and if his medicines cannot cure you, he will tell you so.

ELKS AUTO.—At the meeting of Newark Lodge of Elks held on Tuesday evening, a committee was appointed to purchase and take charge of the drawing of an automobile during Carnival week. Tickets will be sold at 10 cents each. Arrangements have already been made for the purchase of the machine, and it will probably arrive here Sunday. As soon as it does arrive it will be exhibited in the show window of Meyer Bros. dry goods store. The committee appointed to secure the machine consists of W. D. Fulton, E. T. Johnson, F. T. Maura and A. I. Thomas.

Attorney George A. Fairbanks of Columbus made the Advocate a pleasant call this afternoon.

Doctors Extend Their Time.

Owing to the Large Number Who Have Been Unable to See the British Doctors, These Eminent Gentlemen Have Extended Their Time for Giving Their Services Free for Three Months to All Who Call Upon Them Before August 1st.

Owing to the large number of invalids who have called upon the British Doctors at Flat 2, AVALON FLATS, first floor, west end entrance, 100 W. Main street, and who have been unable to see them, these eminent gentlemen have, by request, consented to continue giving their services entirely free for three months (medicine excepted) to all invalids who call upon them for treatment.

BETWEEN NOW AND AUG. 1st. These services consist not only of consultation, examination and advice, but also of minor surgical operations. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered for three months, to all who call before Aug. 1st.

The doctors treat all forms of disease and deformities and guarantee a cure in every case they undertake. At the first interview a thorough examination is made and, if incurable, you are frankly and kindly told so, also advised against spending your money for useless treatment.

Male and female weakness, catarrh, and catarrhal deafness, also varicose rupture, goitre, cancer, the opium habit, and all diseases of the rectum are positively cured by their treatment.

The chief associate surgeon of the Institute is in personal charge.

Cases requiring it are diagnosed by the X-Ray method.

Hours: 9 to 8, Sundays 10 to 1.

WEDDING

Of Miss Minnie Whitehead and Mr. William Flohr at 51 Leroy Street Tuesday Evening.

Tuesday evening at 8 o'clock a joyous wedding took place at the home of Mr. and Mrs. L. M. Whitehead, 51 Leroy street, when their daughter, Minnie, became the wife of William Flohr. The impressive and stately Presbyterian wedding ceremony was performed by the Rev. L. S. Boyce, pastor of the First Presbyterian church, in the presence of 38 relatives and friends of the young people.
The bride, handsomely gowned in white chiffon with mechin lace and jewel trimmings, looked happy and radiant. The maid of honor was Miss Edna Long of Olean, N. Y. a cousin of the groom, who was attended by Mr. Clyde Doughty, of Albany, Ind. a nephew of the bride.
After the ceremony and sincere con-

gratulations all present sat down to a fine wedding supper

The bride is a young woman of very noticeable charms of person and manner who has many friends in her extensive social circle. The groom is a son of Mr. Gottlieb Flohr, and is a well known glass blower at the Everett factory. They will for the present live at the home of the groom's parents, 32 Elizabeth street.

Those present at the wedding were Mr. and Mrs. L. M. Whitehead, Mr. and Mrs. Gottlieb Flohr, Mr. and Mrs. H. Brooks, Mr. and Mrs. S. D. WEDDING

Of Miss Grace Lockwood and Ira Fleming Takes Place at Bayonne, New Jersey.

(Bayonne, N. Y., Times.)

A pretty wedding was celebrated on Thursday evening at the residence of Mr. and Mrs. N. B. Lockwood of Avenue D and Sixth street, when their daughter Grace became the bride of Mr. Ira Fleming of this city.

The house was prettily decorated with pink and white carnations and smilax.

The ceremony was performed by the Rev. Wallace B. Flemming, pastor of the Sixth street Methodist church, and brother of the groom.

The bride wore a beautiful gown of white organdie trimmed with lace insertion and ribbon. The bodice was cut high, with elbow sleeves.

Following the ceremony a collation was served after which Mr. and Mrs. Flemming left for a short wedding trip. On their return they will reside at 708 Avenue D.

The bride's traveling costume was blue cloth, with picture hat of white chip, trimmed with white velvet and roses.

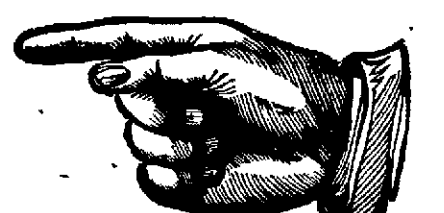

Only the immediate relatives of the families were present.

BIG PICNIC

To be Given by Y. M. C. A.—Many Stores to Close at Noon on the Day of Picnic.

The committee appointed by the Board of Trustees to enlist the interest of the merchants in the Y. M. C. A. picnic to be given at Buckeye Lake Friday, July 25, called on a number of the leading merchants this morning and without exception all who were seen agreed to close at noon on that day so that their clerks might have an opportunity of enjoying the day's outing with the Association. Enough have already signed to assure the success of the movement to make it a general holiday. The committee on sports will now be able to arrange additional sports, as the men wanted for the various events will now be able to attend for a certainty.

For Labor Day.

At a special meeting of Trades Council held last night it was decided to select one person to get out Labor Day program and the following committee was appointed to select same: Messrs. Brea, Fox, Cohn, Grafter and Burton. All applicants should leave their names with any member of the above committee.

PIANOS.

EBERSOLE PIANOS.

ABSOLUTELY DURABLE.

"During the past four years I have had your Ebersole Pianos in constant use at the conservatory. It gives me great pleasure to state that they have given entire satisfaction in every particular. They are remarkable for standing in tone and for their great durability. Believe me, Yours sincerely, HERMAN H. KARUPER, "Musical Director."
